

Task 7.1P: Learning Plan Check-in

This is a Pass task

This unit is designed around modules. To obtain a Pass grade, you will need to complete all core modules and related pass tasks. To achieve higher grades, you are required to complete all core modules, all pass tasks, and the corresponding higher grades' tasks to demonstrate your deeper understanding of the concepts we learn in this unit.

At the start of the trimester, you have prepared your learning plan based on your target grade. Task 7.1P is a simple task to review your progress and your learning plan together with the teaching team. This will help us ensure that you are on track in achieving your target grade.

Task Requirement

This task provides you with an opportunity to reflect on your progress in the unit and receive feedback on your progress. The following questions can be used as a guide to help you **reflect on your progress**.

- Throughout this unit, you encountered various modules and topics. Among them, which module(s) and topics did you find particularly challenging? Describe the specific difficulties you faced and the reasons behind these challenges. How did you/do you plan to overcome these hurdles? Share your strategies and approaches to tackle challenging topics and enhance your understanding in those areas.
- Are you progressing well in the unit by completing the modules and submitting required tasks within the deadlines?
- Do you need to change the Target grade? If yes, do you want to upgrade or downgrade the target grade? What is the reason?

Besides your reflection, you are required to provide **an update onto your Learning Plan indicating the progress of your task**.

- You can use the learning plan template or your submission in 1.1P to update your learning plan. Please update your learning plan **indicating the progress of your task**. A sample learning plan update of a person who is targeting for a pass is shown on the right.
- If you decide to change your target grade, due to personal or academic circumstances, your new learning plan indicating progress of your task submissions/completions, **aligned with your new target grade** is needed to submit in this task.

Tasks	Due Date (P)
P tasks (Lesson Reviews)	
Task 1.2P Introduction	Completed
Task 3.1P Application Layer	Completed
Task 5.1P Transport Layer	Completed
Task 6.1P Network Layer-Data Plane	Submitted
Task 8.1P Network Layer – Control Plane	10 May Working on it
Task 9.1P Data Link Layer	17 May Haven't started
Task 10.1P Physical Layer	24 May Haven't started

Task Submission Instruction

Submit two documents to OnTrack:

1. A PDF document reflecting your progress in 100-150 words.
2. A PDF of your updated learning plan indicating the progress of your task.
